## FEDERATION OF INTERNATIONAL ROBOT-SOCCER ASSOCIATION (FIRA)

Founded in June 1997, FIRA was set up with the aim of taking the spirit of science and technology of robotics to the public and the younger generation, through the game of robot soccer. Since its establishment, FIRA has had venues for its FIRA Cup and Congress in Australia, Brazil, China, France and Korea and this year it will be hosted by the city of Bristol in the UK.

## TOWARDS AUTONOMOUS ROBOTIC SYSTEMS (TAROS)

Now in its 13th year, the TAROS Conference is the UK's platform for robotics, with the latest results and methods in autonomous robotics research and applications being shared through presentations and discussion.

## TAROS INDUSTRY DAY – 23 AUGUST 2012

The TAROS Industry Day is a chance for those working within the robotics industry to showcase their technology and network with potential clients and partners. Attendees are also invited to talks tailored to provide advice to those wishing to have their research or technology recognised in the robotics market.

**Exhibition spaces for the Industry Day and sponsorship opportunities for all FIRA-TAROS events are still available. Please contact Event Chair Dr. Guido Herrmann, [guido.herrmann@brl.ac.uk](mailto:guido.herrmann@brl.ac.uk), for further information.**
